

CD-R label specs for small runs: thermo-re-transfer prints

CD-R can be printed between 118 mm and 15 mm.
Please consider a circle of 35 mm, here you have a mould, which will affect the printing of fine motives, such as text.
Type size at least 10 pt.

Please deliver your data as not compressed TIF (CMYK) in a resolution of 600dpi.
Set page to 120 x 120 mm.
